

Application Note 3

Sasquatch

Over the last five years several increasingly more sophisticated solutions to equipment isolation have been developed using AcouPlex. The Sasquatch is the latest top cap / footer designed for the ReVue Ultra equipment rack. But in fact it is much, much more....

Sasquatch – 40mm diameter x 25mm high tapped M8

Applications:

ReVue Ultra top cap / table footer

ReFract sub-table foot option (see app note 2)

Cable vibration lifter / damper

Loudspeaker feet (M8 fitting – adaptors available)
